

The Thames Experience

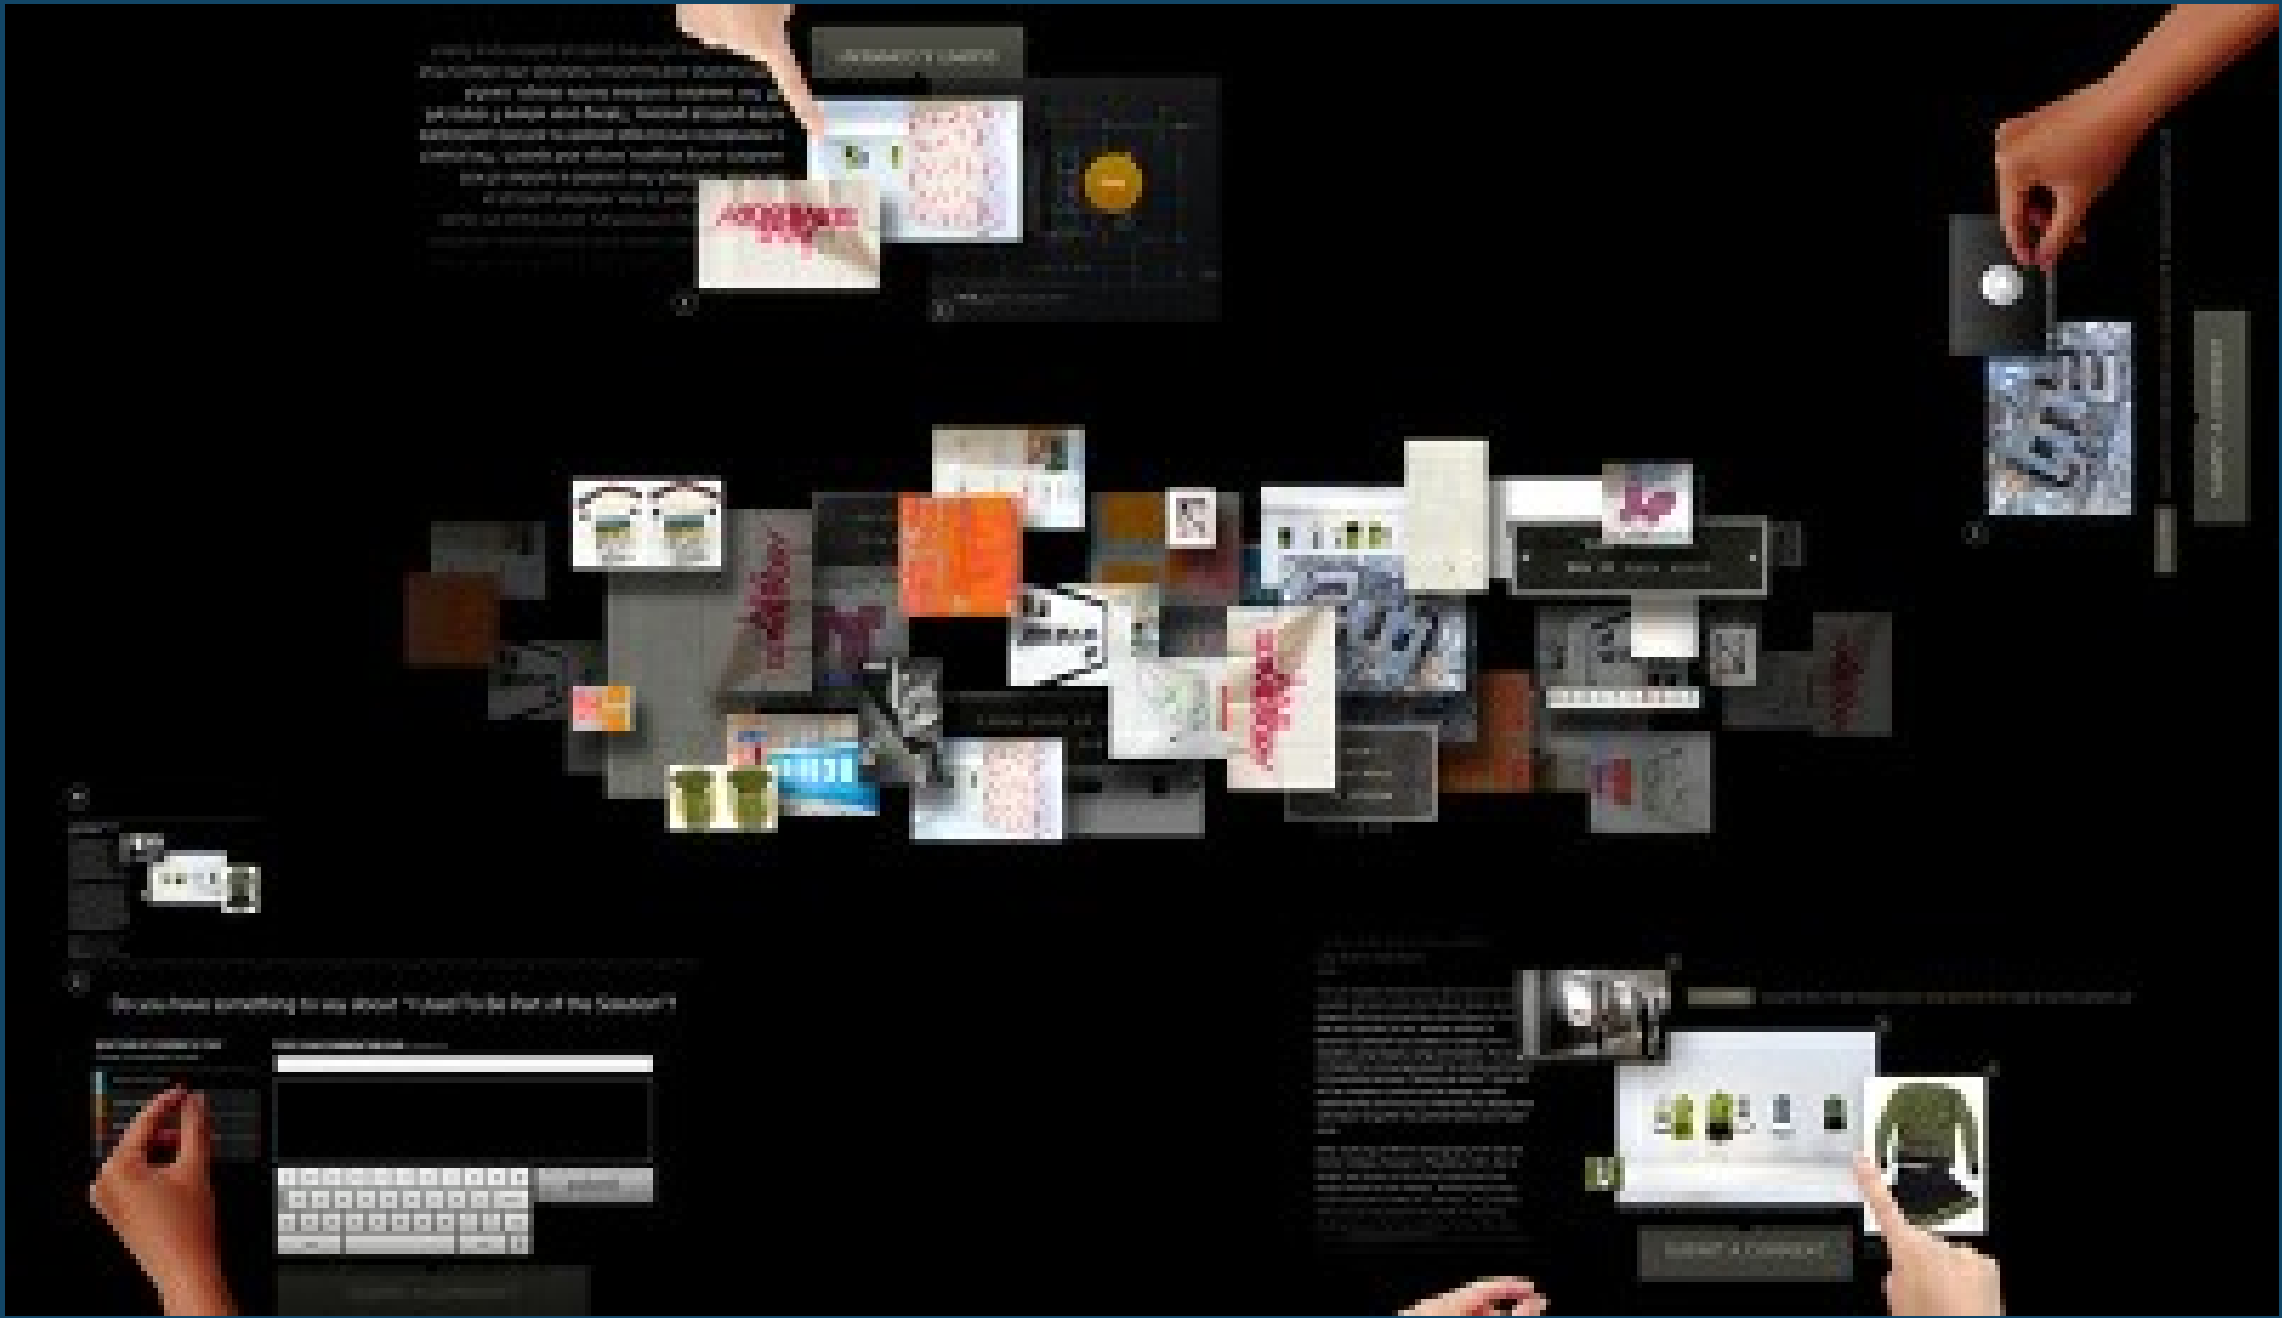

Explore the river thames through the ages in the exhibit.

Follow the path of the historic river and experience it's vast, diverse timeline using the Interactive table. This will let users explore the Thames and see the differences between the old and new.

What?

This interactive table delves into the history of the river thames, allowing you to explore it's past. Through the display delve into the past of the river through a flowing visualisation across the length of the table, allowing the user to see how it has changed over time.

Who?

This experience will be designed for all ages, creating as user friendly experience as possible. Including images/Video and text as a part of the table.

Why?

To educate curious individuals who are interested in London and its history. Allows comparisons between now and the past and allows a large amount of information to be accessed with ease.
